Animal identified on this form cannot show in AMHR classes until certificate of registration is issued by the National office.

All photos should include all parts of the animal available in that view (ears to hooves or nose to tail inclusive) and be unobstructed by any other object or animal. Photos must be a minimum of 3" X 3". Scanned, digital or computer generated photos, if they are received on photographic paper, are acceptable. Additional photos should be submitted to verify markings not seen in the standard four photos (i.e., white on belly, markings under mane area, etc). It is advisable to label each photo with first choice of name and owner's name. Photos will be kept on file.
