

Procedure for bringing registered SHETLAND and pure FALABELLA equine into the AMHR registry:

Equine must have reached their actual third birthday (or be older than 3) Mares/geldings are \$200 plus age appropriate AMHR registration fee; stallions are \$400 plus age appropriate AMHR registration fee.

Applicant needs **to fill out a AMHR Registration Application** - listing yourself as owner in all instances on the form, but keeping the breeder the one that is on the Shetland or Falabella papers. Send that Registration Application, along with a **COPY of the front and BACK (showing you as current owner) of the Shetland or Falabella registration**, the **Height Verification Form** (must be **completed and signed by ASPC/AMHR sanctioned Judge and Steward**) and the complete fee along with the four required pictures to the ASPC/AMHR office, 81B Queenwood Road, Morton, IL 61550.

Procedure for bringing registered AMHA equine into the AMHR registry:

Mares/geldings are \$200 plus age appropriate AMHR registration fee; stallions are \$400 plus age appropriate AMHR registration fee. You need to **fill out a AMHR Registration Application** - listing yourself as owner in all instances on the form, but keeping the breeder the one that is on the AMHA papers. You then need to send that Registration Application along with a **COPY of the front and BACK (showing you as current owner) on the AMHA registration**, and the complete fee along with the four required pictures to the ASPC/AMHR at the above address. If for some reason you cannot complete the AMHA transfer with AMHA (i.e. horse has gone over 34"), you may send a copy of the transfer along with the back/front of the current AMHA registration certificate, the AMHR Registration Application, the proper fees including the additional transfer fee and photos to complete the AMHR registration. The AMHA horse **does not** have to be measured by a ASPC/AMHR judge or steward.
